Marching Band Uniform Washing Instructions

General Rules:

- No mixing jackets with pants.
- All cycles must be set on cool temperature for both washing and drying.
- Detergent must be a NON-CHLORINE household detergent.
- No liquid fabric softeners are allowed. Use only 1 fabric softener sheet per dryer load.

Washing Machine: No more than 6 jackets or 6 pants in 1 load.

1. Separate pants from jackets. (Jackets and pants cannot be mixed during the washing process.)
2. Remove the gold mirror "E" from the jackets.
3. Wash pants in cold water on gentle/permanent press cycle with a NON-CHLORINE household detergent.
4. Turn jackets inside out and wash with the same settings as the pants.

Dryer: No more than 6 jackets or 6 pants in 1 load.

1. Dry pants on cool/permanent press with 1 fabric softener sheet.
2. Dry jackets with the same settings.

After Dryer:

Do not leave garments in the dryer once the cycle is complete, immediately remove the garments from the dryer and hang them up on hangars. Do not put it back into the garment bag until it is completely dry.
